Peninsula Fly Fishers General Meeting – November 19, 2026

General Meeting - California Delta 101 — Why PFF Members Must Care About It

About this event

Regardless of whether you fly fish for striped bass or largemouth bass (both excellent in the Delta), the California Delta is the hub of all things freshwater in California. Politics, economics, Big Water, Big Ag, cities, everybody wants the water that flows through the Delta, but the only users who can't vote their opinion are the fish. The PFF Conservation Committee will host this month's meeting and we'll have some of the state's top experts on the Delta speaking in person and you'll be able to participate in a Q&A and panel discussion following their brief talks. We'll kick things off early (see agenda below) with free pizza, salad and beverages. Feel free to bring your beverage of choice to enjoy or share with others. To prove you've learned something, we'll have some free giveaways to specific questions on topics covered during the meeting.

SPEAKERS

(Left) Chris Shutes, Executive Director, California Sportfishing Protection Alliance (CSPA)
(Center) John McManus, Senior Policy Director, Golden State Salmon Association
(Right) Felicia Marcus, Landreth Visiting Fellow, Stanford University Water in the West Program

AGENDA
